

Pre-packaged School Supply Program available for 2011-2012

The Windham school district is pleased to announce a pre-packaged school supply program for grades 3-5 for the 2011-2012 school year. We have partnered with School-pak, Inc. to offer the convenience of one-stop school supply shopping at terrific prices. Everything is done on-line. Here's how the program works:

Go to www.schoolpak.com by June 15, 2011.

- Click on "Prepackaged school supplies", which is the first option in the orange column on the left.
- Click on "New Hampshire", then "Windham", and finally "Windham Center School 2011-2012".
- There are five options for Center School. Options and prices are listed below.

- **Grade 3 - \$19.58**

- Grade 4 has two options - one with flash cards and one without. Flash cards are required as part of the grade 4 supply list, but as many students already own flash cards, we are offering the option to purchase the pack with or without flash cards.

- **Grade 4 With Flash Cards - \$36.71**

- (listed as Windham Center: Grade 4)

- **Grade 4 Without Flash Cards - \$29.19**

- (listed as Windham Center: Grade 4 w/o Flashcards)

- Grade 5 has two options - one with a flash drive and one without. The flash drive is required, but as some students may already own one we are offering the option to purchase the pack with or without the flash drive.

- **Grade 5 With Flash Drive - \$35.02**

- (listed as Windham Center: Grade 5)

- **Grade 5 Without Flash Drive - \$24.94**

- (listed as Windham Center: Grade 5 w/o flash drive)

You may view the complete list of supplies that are included in each pack on schoolpak's website.

There are two shipping options. You may have the pack shipped to the school (free) or to your home (additional shipping charges apply). If you choose the school delivery option, there will be a pick up day assigned in August. The exact date will be determined at a later time and you will receive notification via mail.

This is an optional program offered as a convenience for parents. It is not required that you purchase your supplies through the Schoolpak program. If you have any questions, please contact Lisa Strong at strong99@comcast.net
