### Superintendent's Report

The Windham School District administration continues to work collaboratively with the Windham School Board and Community to address the facility capacity issues of the district. For additional information on the state of facilities, please visit the "Facilities Planning" link under "School Board" on the district's website. (<http://www.windhamsd.org/schbdinfo/facilitiesplanning.cfm>)

The Windham School District is also working diligently to update the Bullying policy as required under New Hampshire Law (RSA 193 F: Pupil Safety and Violence Prevention - Bullying/Cyberbullying). The specific draft policy was developed with input from students, parents, staff members, and administrators. Once adopted all educators in the school district will receive training relative to the new policy and our students will continue to be provided with information on the affects of bullying. To view the draft policy that will be finalized at the January 4th School Board meeting please go to the following link: <http://www.windhamsd.org/schbdinfo/policyreview.cfm>
