

Parent Moodle Information

Moodle is a Course Management System (CMS) which is being used by the teachers at Windham Middle School to provide online homework assignments and class content materials for the students and teachers to use.

All students/parents/guardians should access those Moodle accounts for homework assignments, course documents/news, etc.

Since Moodle runs more efficiently on Firefox (a free alternative Internet browser), it is suggested that you go to firefox.com and download and install Firefox before logging on to Moodle.

The Windham District Moodle website can be found at <http://moodle.windhamsd.org>.

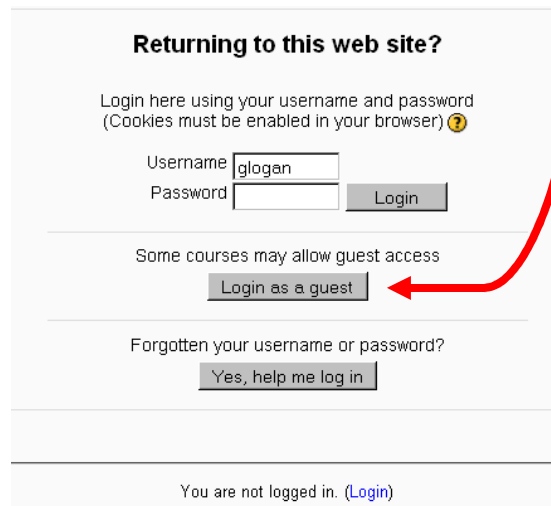

- Scroll down to Windham Middle School, and then to your child's grade.
- Choose your child's team. This will give you the link to enter your child's team of teachers.
- Click on the class you want to enter.
- Click on the "login as a guest" button. You will be prompted to enter an enrollment key* in order to access the course content. ***The enrollment keys are case sensitive.**

There is also a teacher link from The District Web site, <http://www.windhamsd.org>.

- Click on Middle School on the blue bar.
- Click on Meet Our Faculty on the left side of the page.
- Click on the blue link next to the teachers' name.

Each year you will receive the enrollment keys from your child's small team or in some cases, from individual teachers.

If you are interested in any of the **Extra-Curricular activities**, most of them do not require any enrollment keys. You simply choose the activity and click on the "Login as a guest" button. It will bring you right into the page.

The screenshot shows the Moodle login interface. At the top, it asks "Returning to this web site?". Below that, it prompts the user to "Login here using your username and password (Cookies must be enabled in your browser)". There are input fields for "Username" (containing "glogan") and "Password", followed by a "Login" button. Below this, it says "Some courses may allow guest access" and features a "Login as a guest" button. A red arrow points from the right side of the page to this button. At the bottom, there is a link for "Forgotten your username or password?" with a "Yes, help me log in" button. The footer indicates "You are not logged in. (Login)".
