

Valentine Celebration at Windham Terrace

by Robyn Hatch

Ethel and John Cadieux, Derry, still very much in love after 60+ years

The Windham Middle School SMILES had their first community service event at the Windham Terrace. They put on a small Valentine's Day party, complete with flowers and a gift bag for each resident. There were about 40 residents in attendance, and the party was put on by 14 of the 8th grade students.

This was a time of sharing. The young people learned more about the elderly and how to respond to a different age bracket, while the seniors enjoyed the smiles, the gifts, and the general feeling of value they were just given by the students. This afternoon was a success by all.

Good job Middle School 8th graders. Don't ever give up on helping and taking part with others.

Ritsuko Ohojin, receives a red carnation
