Friday, February 12, 2021

Dear Staff and School Community,

As of today, February 12, 2021, our district has a total of two (2) positive COVID-19 cases. One (1) positive case at Windham Center School and one (1) positive case at Windham Middle School. We also have a total of thirty-eight (38) students and staff quarantined between Golden Brook, Center School, Middle School, and High School. Our status from last week has dropped in the number of positive cases and those in quarantine. Thank you for your commitment to keeping our schools safe.

The schools continue to manage the incidents of COVID-19 with minimal disruption of the school environment and educational process. We will evaluate our situation on a daily basis as always. Keep in mind that February vacation is near and we hope that the number of positive cases and quarantine will remain low during and after the school break. We hope to keep our numbers low and maintain the in-person/hybrid status unless statistics tell us otherwise.

Any information related to COVID-19 can be found on the District website: https://www.windhamsd.org/

Again, we strongly encourage you to follow the NH travel guidelines during the February break to help reduce the spread of COVID-19. We appreciate you staying close to home and acknowledging the seriousness of the resurgence by remaining diligent in social distancing and wearing a mask. Please notify administration if you plan to travel outside of the 5 New England states and understand your obligations before returning to school.

Stock up on Jenga, Monopoly, or a good book and enjoy your staycation.

Thank you,

Richard Langlois, Superintendent
