Good afternoon,

I want to inform everyone that there have been positive COVID-19 cases within the WHS student body. Upon receiving this information, we immediately contacted the NH DHHS so they could begin their investigation. The students who have tested positive and their siblings will quarantine and will learn remotely for the recommended quarantine time. As many of the students are athletes, we will be suspending all high school athletic practices/try-outs until further notice. Please know that the NH DHHS is following their policies and procedures and will provide us with the necessary information and process to follow. As they continue their investigation, we will provide information as available to the Windham community.

We are actively monitoring this situation in concert with local and state officials. Please know that the health and well-being of our students, staff, and parents are paramount in everything we do. If you have any questions, please contact the district’s COVID resource line at (603) 845-1566 or email: covid19@windhamsd.org.

Thank you,

Richard Langlois
Superintendent of Schools
